SUMMARY

Final-year Electronics and Communication Engineering student with strong fundamentals in embedded systems, programming, testing, and problem-solving. Experienced through industrial training, engineering projects, and volunteer activities. Seeking opportunities to contribute technical, analytical, and communication skills in engineering and analyst roles.

TECHNICAL SKILLS

- **Programming Languages:** Python, C, Data Structures & Algorithms (Fundamentals).
- **Tools & Platforms:** Excel, PowerPoint, GitHub, VS Code, Google Colab, MATLAB.
- **Core Concepts:** Problem Solving, Debugging, OOP Basics.
- **Electronics:** Digital Electronics, Analog Communication, VLSI (Fundamentals), Embedded Systems, Microcontrollers.

EDUCATION

B.Tech– Electronics and Communication Engineering	Expected 2027
Sreyas Institute of Engineering and Technology, Hyderabad	CGPA: 8.68
Diploma – Embedded Systems Engineering	2021 – 2024
Government Institute of Electronics, Secunderabad	CGPA-9.45

EXPERIENCE

- **Nucleonix Systems Pvt.Ltd** May-2023 to Nov-2023
 - Assisted in testing, validation, and troubleshooting of electronic systems.
 - Supported quality assurance activities, documentation, and reporting.
- **National Small Industries Corporation (NSIC)** April- 2026 to May-2026
 - Completed electronics training and mini-project involving testing and practical hardware applications.

PROJECTS

- **Dry & Wet Waste Segregator:**
 - Developed an automated waste segregation system using sensors and microcontrollers to classify dry&wet waste.
 - Implemented sensor interfacing, embedded programming, testing, and system integration.
- **Advanced WPT for EV & IoT Devices:**
 - Designed a wireless power transfer system for EV and IoT applications with real-time monitoring capabilities.
 - Led project implementation, testing, and performance validation using embedded system concepts.

CERTIFICATIONS

- **NPTEL** — CMOS Digital VLSI Design | [View](#)
- **Nucleonix Systems Pvt. Ltd** — Testing and Quality Assurance Engineer Trainee | [View](#)
- **National Small Industries Corporation(NSIC)** — Training and Mini-Project Completion | [View](#)
- **CodeXcelerate-2025:** Gained practical exposure to ESP32 firmware updates & working methods | [View](#)

COMMUNITY ENGAGEMENT

Student Volunteer – PSS Trust NGO | 2019 – Present

- Mentored students in academics and career awareness programs.
- Supported educational initiatives and community engagement activities.
