SUMMARY

Final-year Electronics and Communication Engineering student with strong fundamentals in Digital electronics, embedded systems, Communication systems, and VLSI. Skilled in Python, MATLAB, and circuit simulation tools with hands-on experience through industrial training, technical projects, teamwork and problem solving. Seeking hardware engineering internship opportunities to apply technical and problem-solving skills in semiconductor, embedded systems domains.

TECHNICAL SKILLS

- **Programming Languages:** Python, C, Data Structures & Algorithms(Fundamentals)
- **Software & Tools:** MATLAB, Multisim, Scilab, GitHub, VS Code, Google Colab
- **Core Electronics & Hardware:** Digital Electronics, Analog Communication, VLSI (Fundamentals) , Embedded Systems, Microcontrollers, IoT, PCB testing

EDUCATION

B.Tech – Electronics and Communication Engineering	Expected 2027
Sreyas Institute of Engineering and Technology, Hyderabad	CGPA: 8.68
Diploma – Embedded Systems Engineering	2021 – 2024
Government Institute of Electronics	CGPA-9.4

EXPERIENCE

- **Nucleonix Systems Pvt. Ltd.** May-2023 to Nov-2023
Testing and Quality Assurance Engineering Intern | 6-Months Industrial Training
 - Conducted hardware testing, quality assurance and systematic troubleshooting for specialized radiation detection units and embedded systems.
- **National Small Industries Corporation (NSIC)** April- 2026
Electronics Training Program and Mini-Project | 1-Month

PROJECTS

- **Advanced WPT for EV& IOT Devices:**
Led a cross-functional team of 4 to design, simulate, and implement a wireless power transfer system tailored for electric vehicles. Integrated microcontrollers and firmware to manage power distribution safely, successfully meeting all target hardware engineering specifications.
- **Dry & Wet Waste Segregator:**
Designed and developed an automated waste segregation system using sensors and microcontrollers to separate dry and wet waste efficiently. Implemented sensor interfacing, circuit design and embedded programming.

CERTIFICATIONS

- **NPTEL** — CMOS Digital VLSI Design [Certificate](#)
- **Nucleonix Systems Pvt. Ltd** — Testing and Quality Assurance Engineer Trainee. [Certificate](#)
- **National Small Industries Corporation(NSIC)** — Training and Mini-Project Completion [Certificate](#)
- **CodeXcelerate-2025:** Gained practical exposure to ESP32 firmware updates & working methods. [Certificate](#)

COMMUNITY ENGAGEMENT

Student Volunteer – PSS Trust NGO | 2019 – Present

- Mentored students in academics and career awareness programs

- Receiving educational support since 9th standard.
- Supported educational initiatives for school and diploma students
